

Thailand - Wealth Management Update

3.00pm

Thailand - Wealth Management Update

- What is the current state of the wealth and asset management market in terms of the client base and the delivery of advice and investment solutions?
- How will Thailand's regulators, authorities and private institutions further develop its wealth management market?
- Are there more and more Fintech and digital platform competitors, and how are they doing?
- What are local private clients investing in these days, why and what is the outlook?
- What is the state of digital transformation, and where are the banks and other players focusing their main investment and effort?
- How do wealth managers in Thailand enhance client centricity and personalisation?
- How do competitors enhance their value propositions, their range of products, their advice and their service?
- Are there wealth management talent wars in Thailand?
- The crystal ball - what next for Thailand's wealth market?
