

Vietnam Wealth Management Forum 2018

8.40am Registration

9.00am Welcome Address

Michael Stanhope
Founder & Chief Executive Officer
Hubbis

9.05am Panel Discussion

How is the wealth management offering in Vietnam developing?

- When will we see a 'real' wealth management offering?
- What's the role of the regulators?
- How do the different players – asset management, securities firms, insurance and banks compete or complement each other?
- What's the opportunity for international private banks potentially in the future?
- What's the role and growth of the commercial banks in personal / retail banking?
- How important is digital today?
- What changes are we seeing in client expectations and behaviour?
- Where will the continued growth come from and what are your priorities?
- How can we offer a more complete service for our clients?
- What's happening in the insurance market?
- How can we make the most of the opportunity to provide wealth management products to the affluent segment?

Panel Discussion

Building investment capability and the product manufacturing engine

- How does a HNW client invest?
- What's the availability of personal investment products (or lack of) in Vietnam and why the constraints and why
- Asset management companies - growing well and broadening distribution?
- What's the "typical" Vietnamese personal investment mindset.
- How is the fund market for retail developing?
- What's the client education journey?
- What's the risk of there being suitability issues? Is there a risk of mis-selling?
- Are there issues of market developing too quickly? How can you invest overseas? What can you do overseas? When will money be able to move offshore?
- Do foreign banks seem uninterested in selling funds in Vietnam?
- How will you encourage clients to invest longer term?
- How can you prevent redemptions?
- As asset management companies look to court distributors – is it foolish to compete on fees?
