The return of hedge funds

3.00pm The return of hedge funds

- Given more difficult and challenging markets what hedge fund strategies will deliver the best performance today?
- Are 'true alternatives' now increasingly relevant? And Why?
- Will high inflation and interest rates continue to drive opportunities for alternatives?
- When hedge funds didn't perform well like in 2020 how did it expose those funds with inadequate risk management? And how can investors tell the difference so they can avoid these issues in the future?
- Are hedge funds in increasing favour amongst private clients in Asia, and why or why not?
- What are the downsides of buying hedge funds?
- What sort of percentage of any HNW portfolio would sensibly be allocated to hedge funds?
- Where should private clients in Asia source their advice and expertise to determine which strategies and managers to invest in?
- What is coming next in the world of hedge funds?
